

# BEYOND IMPACT

The Beyond Impact Fundraising Campaign raises resources to finance infrastructure investments and support our vision.

## OUR VISION

Our women are inspirational role models reaching their full giving potential for a better quality of life in our community.

## WE BELIEVE

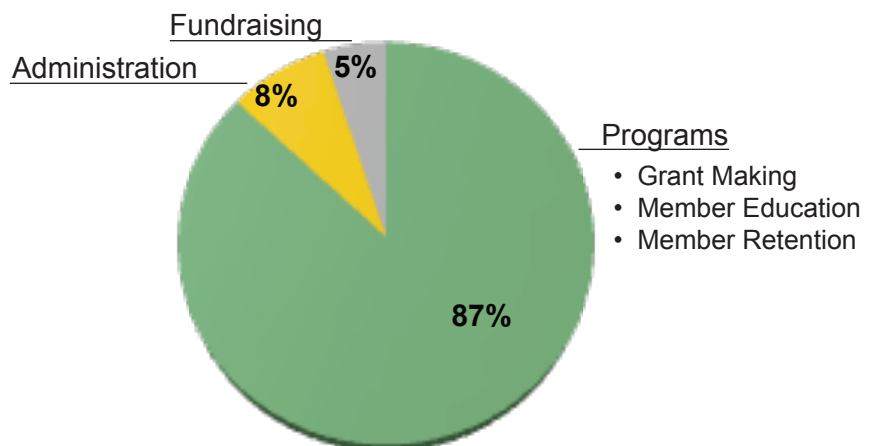

- Women are looking for purpose, passion and connection because we all want to matter...to someone.
- In creating community so we can connect our capacity to give with our confidence to do it well.
- A \$1000 membership donation can transform a woman's view of philanthropy.
- In the boldness and power of 'we'. We are bigger, braver, stronger together.
- In the multiplier effect and creating a legacy that others can replicate.
- In teaching the next generation the art and importance of giving.
- We have a social responsibility to share our success strategies with other collective giving organizations as they approach us for advice and guidance.

## We invest in infrastructure to:

- Continue our success and build on our foundation of excellence.
- Sustain our business model and maintain quality programs.
- Improve our ability to expand grant opportunities as membership grows.
- Pay for the caliber of leadership that Impact Austin members have come to expect.
- Thrive long past the founder's day-to-day presence.
- It's simply good business!

**Campaign Goal:** \$200,000 per year for three years (FY2012, FY2013, and FY2014) raised through one-time or multi-year gifts from members.

## Projected Use of Funds:
